

## Clothes Were Made for Two Reasons:

- 1---To keep out the rain and cold
- 2---To enhance a man's appearance

Then---

Long, long ago, when Bible characters were living, men wore clothing to protect their bodies from the scorching sun, drenching rain and biting cold. All men dressed alike, with one exception—the king or leader wore more beautiful and expensive apparel than his person might be distinctively distinguished. Care and skill were employed in the making of his clothes. He desired to thereby create an appearance of difference—of dignity—and of leadership.

And Now---

The Man of Today Who Desires to Create an Impression of Dignity, Good Taste and Leadership Wears Clothes Carefully and Skillfully Designed. He Demands Individuality of Style—He Wants to Be Different from the Shifting Class Who Dress Alike and Dress Only to Say They Are Clothed. You Are No More DRESSED When You Are Merely CLOTHED Than You Are Clothed When You Are Clothesless.

### GOETHALS TO QUIT.

Resignation Becomes Effective on Wednesday.

Maj. Gen. George W. Goethals will have finished nine years of service in Panama when his resignation takes effect Wednesday. The resignation, it is announced, affects only his military status. He will still retain his commission as governor of the Canal Zone, it was said.

### PIMP! WELL, DON'T BE!

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets.

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights. Cleanse the blood, the bowels, and the liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel—there's never any sickness or pain after taking them. Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating. No one who takes Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a dull, listless "no good" disposition or pimply face. Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color. Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result. Take one or two nightly for a week. See how much better you feel and look. 10c and 25c per box. All druggists—Adv.

### NEW SOCIAL NOTABLES REPLACE RETIRING SET

Coming Congressional Hosts Include Prominent Entertainers.

Social life will play an important part in the doings of the Sixty-fifth Congress for many prominent society leaders will return to Washington to replace a number of notables who will be retired by the results of last Tuesday.

Among the more prominent of the new comers will be Senator-elect and Mrs. Peter Goetz of Rhode Island, who were extensive entertainers during the sessions of the Sixty-third Congress. Representative and Mrs. Medill McCormick, of Chicago; Senator-elect and Mrs. Philander C. Knox, of Pennsylvania, who are well known to Washingtonians; Senator-elect Calder, of New York, and his family; Representative-elect and Mrs. Alvan T. Fuller, of Massachusetts; and Gov. Johnson and his family, of California, among the Senatorial group.

The majority of these have already been included in the social register of Washington. Mrs. Gerry was formerly Mathilde Townsend, of the Capital, and spends part of each season here even when her husband is not engaged at the Capitol. Mrs. Medill McCormick, who is a daughter of Mark Hanna, has generally had a prominent niche in local social activities through her intense interest in suffragism. The Knoxes are more or less familiar through the Senator's Cabinet service, and they have always maintained a winter residence here. Senator-elect Calder, of New York, had a long career in the House, which makes him thoroughly familiar in Capital society, and Gov. Johnson and Representative-elect Fuller will be among the really new faces in Washington.

Among those whose passing will be noted with regret are Senator and Mrs. Henry S. Lippett, of Rhode Island; Senator Oliver, of Pennsylvania; Senator Kern, of Indiana; Senator Sutherland, of Utah, and Senator Du Pont, of Delaware. All of these families have long been identified with the social life of the Capital.

### OFFICIALS TO SPEAK

Municipal Rally Night will be observed by the Columbia Heights Citizens' Association tomorrow evening at 8 o'clock in Post Office Hall, in Park Road northwest.

The meeting will be addressed by Oliver P. Newman, president of the Board of District Commissioners; Conrad H. Syme, corporation counsel; Raymond W. Pullman, Superintendent of Police; Frank J. Wagner, chief of the fire department, and other District officials.

### MEAT INJURIOUS TO THE KIDNEYS

Take a Tablespoonful of Salts if Back Hurts or Bladder Bothers—Meat Forms Uric Acid.

We are a nation of meat eaters and our blood is filled with uric acid; says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overload; they get sluggish; the eliminative tissues clog, and thus the waste is retained in the blood to poison the entire system. When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the uric acid is cloudy, full of sediment or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous, dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in the urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.—Adv.

### COAL FAMINE AGAIN THREATENS SCHOOLS

Buildings Will Close Unless Supply Arrives Tuesday.

Superintendent of Schools Ernest L. Thurston stated last night that unless a supply of coal arrives by tomorrow night several of the large schools will be closed.

"The shortage has been apparent all winter and it has only been the extremely mild weather that has permitted the schools remaining open," Mr. Thurston stated. "Saturday it was necessary to haul coal from one building to another to relieve those buildings that had exhausted their supply. This same practice will have to be followed today."

"The car shortage and the tardiness of Congress in passing the appropriation bill is given as the cause of the shortage," Superintendent Thurston said. "Coal is stored in the buildings as early as July, but this year the money with which to buy it was not available until September."

The Big Four railroad yesterday seized 150 tons of coal that had been consigned to a factory in Ohio by invoking a provision of the Interstate Commerce law which provides that a railroad may keep the coal when this is necessary to keep the road in operation.

Several large railroads have instituted private investigations into the cause of the car shortage during the past few days.

### Nutshell News

To accommodate all members, meetings of the Commerce Club Chorus will be held at 4:30 and 7:30 o'clock p. m. New additions to the club's equipment have been procured, so that Charles Bartlett, director, and his assistants, E. W. Braithwaite, will no longer be handicapped.

The will of Henry L. Gosling was filed for probate and leaves \$50 a month to the testator's aunt, Margaret Gosling, for life. The residue goes to the widow, Sarah Pauline Gosling.

Myer Firtag, 9 years old, of 1711 Seventh street northwest, was knocked down and bruised while roller skating at Twelfth street and Pennsylvania avenue northwest yesterday by an automobile driven by Frederick Jones, 1736 New Jersey avenue northwest, and belonging to Frederick Hershelmer. Young Firtag was removed to Emergency hospital in the Hershelmer machine and cuts and bruises on his face and body were dressed. He later went home.

Five in the grocery store of Morris Goldman, 913 D street northwest, did \$200 damage early yesterday morning. The fire was of unknown origin. The property was owned by Michael Gattic, 306 F street northwest, and was said to be covered by insurance.

Three brass chandeliers, several spoons and some zinc plating were stolen from a vacant house at 129 Columbia avenue, Ivy City, D. C., according to a report made to the police yesterday by Hezekiah Randolph, 1806 I street northwest.

No. 9 Engine company was called on a local alarm early yesterday morning to Seventeenth and H streets northwest to extinguish a blaze in a Capital Traction company street car. The fire started in the controller box.

A collision between car No. 302 of the Washington Railway and Electric company and an auto driven by F. A. Hodson, 940 K street northwest, occurred at Tenth and New York avenue northwest yesterday afternoon. Hodson's car was damaged to the extent of \$40.

An opal cluster ring, surrounded with eighteen small diamonds, and valued at \$85, was lost yesterday afternoon in a Ninth street moving picture house, Adrian Phillip, of 1381 K street northwest, reported he missed the ring shortly after leaving the moving picture show.

Annie R. White reported yesterday that while on a Capital Traction car Saturday, going from Third and Pennsylvania avenue northwest, to Fourteenth and You streets northwest, she lost a black handbag. In the bag was a check for \$11 drawn on the New York Trust company, payable to herself, a money order, payable to herself, for \$10, and \$7.50 in cash.

Gnawing Mice Start Fire. Mahanoy City, Pa., Nov. 12.—Mice gnawing at matches started a fire in Mahanoy's warehouse, on Market street, last night, badly damaging that building and the homes of Mrs. Owen Mulber and James Brennan, adjoining.

### DEMOCRATS WILL FIX DATE FOR CELEBRATION

To Meet Tonight to Formulate Plans of Reception.

A definite date and hour will be set for the real welcome to the President at a meeting of the parade committee of the Wilson-Marshall Democratic Association in the Southern Building tonight.

Charles W. Darr, president of the association, will call on the President today and ascertain what time will be most convenient for him to review the parade. Unless present arrangements are altered, it will take place Thursday night.

Mr. Darr last night announced the appointment of Dr. D. A. Wilkerson, Dr. J. A. Flynn and Dr. J. Callahan to the parade committee, and Capt. John S. Miller to the finance committee. Col. R. N. Harper, chief marshal of the celebration, yesterday requested that all owners of automobiles who desire space in the line, communicate with him today.

From Democratic organizations throughout the District and in Maryland and Virginia requests have been made for space in the procession. All marchers will be expected to carry flags and every man who has an end place in the line of march carry a torch.

A meeting of the finance committee will be held today to facilitate the solicitation and collection of subscriptions for the celebration.

### SUNDAY MAY SPEAK AT "DRY" GATHERING

Evangelist Asked to Address Meeting Here November 6.

"We need the vigor of a man like Billy Sunday to stir up the anti-liquor sentiment in Washington, which we propose to get in our fight in Congress for temperance legislation," declared Rev. Dr. Clarence True Wilson, general secretary of the board of temperance of the Methodist Episcopal Church, yesterday. Dr. Wilson sent a telegram to the evangelist last night, asking him to come here and address a "dry" meeting in Polk's Theater, November 5.

The meeting will be the first of a series of public meetings under the auspices of the board. Through these gatherings the board proposes to bring before the public temperance measures which are being prepared for the next Congress.

An answer from Mr. Sunday is expected within a few days and local temperance workers are hopeful that he will accept.

### INTEREST DEBTS CAUSE LIVING COST TO SOAR?

The enormous interest-bearing debt of the United States is the cause of the present high cost of living, according to T. Cushing Daniel, who for forty years has been a student and writer on financial and economic subjects. He spoke yesterday afternoon on "The High Cost of Living and Its Remedy" before the Secular League at Pythian Temple.

Financial obligations of the people, on which interest has to be paid, amounts to over \$50,000,000 dollars, he said, and these interest charges are spread over every commodity that is purchased by the American public.

As a result Mr. Daniel advocated a money system which would convert the use of bank credit as a basis for loans, and the loaning of money by postal savings banks.

### JOHNSON SCHOOL LEADS IN PAPER COLLECTIONS

The pupils of the Johnson School have collected 6,927 pounds of paper and they are leading all other schools in working for the fund for playgrounds and other social activities.

The total amount of paper collected so far is 155,897 pounds, for which \$223.53 has been received. Pupils will renew their efforts to swell the fund this week.

The Petworth School holds second place with 6,800 pounds to its credit, and other schools among the first ten are: Force, 5,022; Jackson, 4,615; Stevens, 4,494; H. D. Cooke, 4,283; Hubbard, 4,268; Gage, 3,975; Powell, 3,800; and Ross, 2,414.

### DERELICTS SEEK COVER FROM COLD FALL RAIN

Missions All Crowded During Dismal Day.

Wet, cold and dejected after the rain which began early yesterday afternoon had settled to a steady downpour, many of Washington's unemployed took refuge from the weather in the lodging houses which provide a place to sleep for ten and fifteen cents and a meal for a few pennies—for those who possess that much. Many who have not even the one cent necessary to purchase a cup of coffee were permitted to spend the night under shelter.

Yesterday marked the first bad weather of the approaching winter and at the Municipal League House on Twelfth street the attendance increased one hundred per cent. The Central Union Mission and the Gospel Mission were also crowded.

Not only did the drenching rain bring physical discomfort to men with thin clothes and no overcoats, but depression of mind as well. Religious services in the evening at the missions, with singing and words of hope, tended somewhat to lighten the gloom, but the city's homeless will be glad if tomorrow's sun shines brightly.

### DR. GRAVES, 'SPY,' VOWS TO BARE VAST INTRIGUE

Declares Apartments Riddled of Letters After Arrest.

CONTINUED FROM PAGE ONE.

stock gambling transactions on both sides of the water. This is something the count may be able to explain, but I cannot.

"The agents who conveyed these letters over here, contrary to the postal laws and regulations, incurred first and last an expense of \$2,000, for which they were not reimbursed. The price asked for those letters simply covered this amount and the time involved."

### Von Bernstorff Notifies Berlin of Document Theft

Count von Bernstorff notified the German government yesterday that a sealed package delivered by the Berlin foreign office to a messenger on October 2 and addressed to the German Embassy here had been broken open and part of the contents stolen.

It was learned that Department of Justice agents entered the safe of a local hotel yesterday and secured documents which had been deposited there by Dr. Graves, self-styled international spy.

Keen interest is manifested in the case owing to the belief that sensational facts bearing on the secret service methods of both Great Britain and Germany are likely to be revealed at the preliminary hearing on the charges against Graves next Wednesday.

There are possibilities of revelations concerning the smuggling through the allied naval patrols and censorships of important dispatches; how the system of communication by letters, evading allied authorities, is maintained, and whether there have been previous instances of the disappearance of couriers and their envelopes.

Count von Bernstorff authorized the following statement today:

"We have no further interest in the matter. My only object in having asked the assistance of the American authorities was that nobody could blackmail us because we had nothing to conceal."

No representative of the German Embassy, nor Countess von Bernstorff, will appear at the trial of Graves, it was said at the embassy yesterday. Members of embassy staffs and the members of their families cannot appear in the American courts, it was said, as embassies are extrajudicial.

### MRS. DEWEY PRESENTS BELL

House of Women's Section of Navy League Receives Gift.

Mrs. George Dewey, wife of the admiral of the navy, who is president of the Woman's section of the Navy League, has presented a sweet-toned "ship's bell" to the Theodore Bailey Myers Mason House of the Woman's section of the Navy League, at 166 Twentieth street northwest.

The bell is suitably engraved and the students are rapidly becoming accustomed

to telling the time of day from the number of bells struck. Another interesting gift made to the house is a copy of "The Ships of the American Navy and Their Sponsors," edited by Miss Edith Benheim, secretary to Mrs. Woodrow Wilson and Mrs. T. Reynolds Hall.

Capt. David Todd, U. S. N., will deliver one of the most interesting of the series of lectures at the house today at 3 p. m. on "Radio."

Smith College, Northampton, Mass., last year received gifts totaling \$2,000.

## The Dependable Pencil

Almost unconsciously, in drawing intricate plans, one bears stronger than necessary on the pencil. With an ordinary pencil the result is a broken lead, or an uneven line, or a scratched drawing.

With "the master drawing pencil" the pressure may be increased far out of proportion, and the lead will remain true.

## DIXON'S ELDORADO

"the master drawing pencil"

is made true to grade in 17 degrees.

It is the close friend of men who pride themselves on their work—who do difficult work, and who do good work.

"MADE IN AMERICA."
